## UST Hand Brush, 176 mm, Hard, Red

This ULTRA SAFE TECHNOLOGY (UST) Hand Brush comes with angled Filament Security Units for optimal cleaning of conveyor belts, production lines, machinery and food-preparation surfaces in high-risk areas. All UST brushes feature a unique bristle system that minimises the risk of contamination and bristle loss.

The ergonomically designed brush block prevents slipping out of the hand and reduces wrist strain. The design and position of the Filament Security Units offer an effective surface contact and enables the user to apply hard pressure directly to the surface being cleaned. The angled bristles effectively clean in corners, junctions and other hard-to reach areas.

## **Technical Data**

Visible bristle length       37 mm         Material       Polypropylend Polyester         Complies with (EC) 1935/2004 on food contact materials¹       Ye         Produced according to EU Regulation 2023/2006/EC of Good Manufacturing Practice       Ye         FDA compliant raw material (CFR 21)       Ye         Complies with UK 2019 No. 704 on food contact materials       Ye         Compliant with the European Brushware Federation (FEIBP) Charter       Ye         Meets the REACH Regulation (EC) No. 1907/2006       Ye         California Proposition 65 Compliant       Ye         Use of phthalates and bisphenol A       N         Is Halal and Kosher compliant       Ye         Design Registration No.       EU 002189654-001, GE 9002189654-001, GE 9002189654-001, EU 009189203, UK 6236778         Pat. New equipment should be cleaned, disinfected, sterilised and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.

- 1. See Declaration of Compliance for further details on food contact
- 3. Do not store the product below  $0^{\circ}$  Celsius.
